MEDICAL RECORD CHRONOLOGY

Claimant: Ron Redding
Insured: Ron Redding Construction
Claim #: 1012219313-1-7
DOL: 6/3/08
Injuries: Cervical spine: C3 – 4 facet arthropathy
Treatment providers: 11: MD; laboratory; diagnostics; Neurosurgeon; Pain Management; Dentist; Head & Neck Surgeon; Microneurosurgeon
Comments: Prior history of cervical surgery after MVA 13 years prior; chronic neck pain

DATE	PROVIDER	COMPLAINTS	MEDS \$	SUMMARY OF TREATMENT PROVIDED
	PRE INJURY			
4/17/92	Medical James Paris, MD	Hypertension Vertigo Hives GERD		<p>S: Exam to establish care; HTN (hypertension),medicated; recurrent vertigo, relates to 3 concussions w/1 episode of LOC (loss of consciousness) x 1 ½ days; hive-like reaction; GERD (gastroesophageal reflux disease)</p> <p>O: Somewhat nervous, anxious, hyperactive; physical exam unremarkable; EKG (electrocardiogram) w/slight changes</p> <p>A: Probably borderline HTN; GERD is major problem; vertigo sounds like Meniere's, doubt related to concussions; recurrent sinusitis, rhinitis; hive-like reaction gradually improving</p> <p>P: Labs; medication management</p> <p>C: Noted to have seen Dr. Lundmark for vertigo; no records</p> <p>C: Noted to have been prescribed meds for HTN; no records from MD</p>
